On or about May 28, 2026 the Virgin Islands Housing Finance Authority will submit a request to the HUD for the release of Community Development Block Grant – Disaster Recovery (Electrical Grid) funds under Title 1 of the Housing and Community Development Act of 1974, (PL93-383), as amended, to undertake the following project:

Program/Project Title: Electrical Power System Improvement/Distribution Automated Devices

Project Description: The Virgin Islands Water and Power Authority (VIWAPA) currently has limited isolation points and limited Distribution Automated (DA) devices. Consequently, the territory experiences a wide array of power outages that arise from system faults. The Distribution Automated (DA) Devices project aims to decrease the number and duration of outages across the territory by detecting and isolating faulted areas to allow quicker service restoration and optimize power flow. DA devices enable real time monitoring and control with minimal human interference. With the use of Supervisory Control and Data Acquisition (SCADA), the DA devices will be able to isolate and restore electrical service to customers during abrupt power outages. The proposed project includes the installation of thirty (30) DA devices across the territory to assist with localizing systems during power disruptions. DA device installation will include components such as brackets, reclosers, tie-switches, isolation switches and fault indicators. The maximum elevation/height of each existing pole will not be altered as a result of the proposed project. Although the installation will solely take place on the islands of St. Thomas, St. John, and St. Croix, the beneficiaries of the proposed project also includes residents in the Water Island district.

Location: Territory Wide – St. Thomas, St. Croix, St. John

Estimated Project Cost: The total HUD funding and estimated project cost is \$1,500,000, fully funded by HUD through the Community Development Block Grant Disaster Recovery (CDBG-DR) – Electrical Power Systems Improvement (CDBG-EGRID) Program under Grant Number B-18-DE-78-0001.

PUBLIC COMMENTS

Any individual, group, or agency may submit written comments on the ERR to the Virgin Islands Housing Finance Authority, 3202 Demarara Plaza, Suite 200, St. Thomas, VI 00802-6447, Attention Ms. Dayna Clendinen, Chief Operating Officer and Chief Disaster Recovery Officer, or via email at environmental@vihfa.gov. All comments received by May 28, 2026, will be considered by the Virgin Islands Housing Finance Authority prior to authorizing submission of a request for release of funds.

ENVIRONMENTAL CERTIFICATION

The Virgin Islands Housing Finance Authority certifies to HUD that Ms. Dayna Clendinen in her capacity as Chief Operating Officer and Chief Disaster Recovery Officer consents to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to the environmental review process and that these responsibilities have been satisfied. HUD's approval of the certification satisfies its responsibilities under NEPA and related laws and authorities and allows the Virgin Islands Housing Finance Authority to use Program funds.

OBJECTIONS TO RELEASE OF FUNDS

HUD will accept objections to its release of fund and the Virgin Islands Housing Finance Authority certification for a period of fifteen days following the anticipated submission date or its actual receipt of the request (whichever is later) only if they are on one of the following bases: (a) the certification was not executed by the Certifying Officer of the Virgin Islands Housing Finance Authority; (b) the Virgin Islands Housing Finance Authority has omitted a step or failed to make a decision or finding required by HUD regulations at 24 CFR part 58; (c) the grant recipient or other participants in the development process have committed funds, incurred costs or undertaken activities not authorized by 24 CFR Part 58 before approval of a release of funds by HUD; or (d) another Federal agency acting pursuant to 40 CFR Part 1504 has submitted a written finding that the project is unsatisfactory from the standpoint of environmental quality. Objections must be prepared and submitted in accordance with the required procedures (24 CFR Part 58, Sec. 58.76) and shall be addressed to HUD at U.S. Department of Housing and Urban

Development at HUD Caribbean Area Office, Region VI, 235 Federico Costa Street, Suite 200, Parque Las Américas I Building, San Juan, Puerto Rico, 00918. Potential objectors should contact HUD to verify the actual last day of the objection period.

Sincerely,

Dayna Clendinen
Chief Operating Officer and Chief Disaster Recovery Officer
